Mare Breeding Report

Cooled Semen — Live Foal Guarantee

BREEDING YEAR	STALLION Malteso Arenas
MARE OWNER / BREEDER	MARE NAME
MARE OWNER PHONE	MARE OWNER EMAIL

I, the undersigned veterinarian or authorized breeding manager, certify the following:

- ☐ I inseminated the mare named above to the stallion named above on the date(s) listed below.
- ☐ I personally verified the identity of the stallion on the cooled semen shipment received.
- ☐ No mare other than the one named above was inseminated with semen from this stallion.
- ☐ The mare named above passed a breeding soundness exam prior to first insemination.

Live Foal Guarantee — reporting requirements

This report is due within 30 days of foaling. A live foal is a foal that lives at least 48 hours after birth. If this report is not received by the deadline, the Live Foal Guarantee is void for the mare named above.

Loss of a foal or of the pregnancy must be reported to K Equestrian in writing within 48 hours.

Breeding record — record each cycle bred

Insemination Date	Shipments Received	Pregnancy Check Date	Conception (Yes / No)	Veterinarian Signature	Veterinarian Name

Pregnancy type: ☐ Natural ☐ Embryo transfer (freezing of embryos is not permitted)

Number of embryos recovered: _____ The guarantee is satisfied by the first live foal produced.

Foaling outcome — complete once the mare has foaled, or if the pregnancy was lost

FOALING DATE	LIVE FOAL? ☐ Yes ☐ No	FOAL SEX
IF NO LIVE FOAL — DATE OF LOSS		DID THE FOAL LIVE 48 HOURS? ☐ Yes ☐ No

Notify K Equestrian in writing within 48 hours of a foal or pregnancy loss. Attach veterinary documentation to this report.

Veterinarian phone: _____ Clinic: _____

Comments: _____

☐ Check here if the mare was NOT bred this season. Submitting this report with the box checked keeps your guarantee active.

Signature — Veterinarian or Authorized Breeding Manager
