

FRESH COOLED BREEDING CONTRACT

PRE Stallion at Stud · Celina, Texas
Malteso Arenas · LG ANCCE UELN 724015130297859

1. The agreement

This Fresh Cooled Breeding Contract is entered into between K Equestrian ("Stallion Owner") and the mare owner named on this booking ("Mare Owner"), for one breeding to the Pura Raza Española stallion Malteso Arenas, LG ANCCE UELN 724015130297859.

This contract becomes binding when Mare Owner signs it and the booking fee is received.

2. Stud fee and payment

- The total stud fee is \$1,800.
- A booking fee of \$400 is due at the time of booking. The booking fee is non-refundable and is applied toward the total stud fee.
- The remaining balance of \$1,400 is due in full before the first semen shipment. Semen will not be shipped until the balance is paid.
- Card processing fees are calculated at checkout, displayed before payment, and paid by Mare Owner. Stallion Owner adds no markup.
- All amounts are in US dollars.

3. Booking and scheduling

- Breeding is available year-round, subject to stallion availability.
- A booking is confirmed only when both the signed contract and the booking fee have been received.
- Semen orders must be placed no later than the business day before the requested collection date.
- Stallion Owner will make reasonable efforts to accommodate the mare's cycle but does not guarantee availability on any specific date.
- Stallion Owner is not liable for shipping delays, courier failures, or other circumstances outside its control.

4. Collection and shipping

- Fresh cooled semen is shipped overnight to the licensed veterinarian named by Mare Owner. Semen is not shipped to private addresses.
- Semen must be administered by a licensed veterinarian.
- Mare Owner is responsible for all shipping, collection, and veterinary costs.
- Shipping containers remain the property of Stallion Owner and must be returned within 48 hours of delivery at Mare Owner's expense.
- Semen is contracted for the mare named on this booking only. It may not be used on any other mare and is not transferable.

5. Re-breed — what this contract guarantees

This contract includes a conception re-breed. If the mare is not confirmed pregnant on a veterinary ultrasound performed at approximately sixteen (16) days after insemination, Mare Owner is entitled to one additional breeding to Malteso Arenas at no additional stud fee.

- The re-breed must be requested within twelve (12) months of the original booking.
- The re-breed applies to the same mare and is subject to stallion availability.
- Shipping, collection, and veterinary costs for the re-breed are the responsibility of Mare Owner.
- Veterinary documentation of the negative pregnancy check must be provided.

6. What this contract does not include

This contract does not include a live foal guarantee. If the mare conceives but does not produce a live foal, no refund or additional breeding is provided under this contract.

A live foal guarantee is available as a separate contract with its own terms and reporting requirements. It must be purchased at the time of booking and cannot be added afterward.

7. The mare

- Mare Owner represents that the mare is in sound reproductive health and suitable for breeding.
- Stallion Owner reserves the right to decline any mare at its sole discretion. If a mare is declined before semen ships, the booking fee is refunded in full.
- Substituting a different mare is permitted only with prior written consent from Stallion Owner.
- If the mare is sold after breeding, this contract and any unused re-breed do not transfer to the new owner.

8. One foal per contract

This contract entitles Mare Owner to one foal from the contracted mare. Freezing of embryos is not permitted. If more than one embryo is recovered from a contracted breeding, each additional foal requires a separate contract and stud fee.

9. Registration

K Equestrian will provide an insemination certificate (Mare Breeding Passport) for use by the attending veterinarian. The certificate must be returned to K Equestrian upon completion.

Mare Owner is responsible for ascertaining registry requirements for the use of cooled semen, and for any fees associated with the subsequent registration of foals conceived under this contract.

Mare Owner is responsible for any and all mare breeding surcharges required by any registry. K Equestrian does not pay mare surcharges imposed by any registry.

10. If the stallion becomes unavailable

If Malteso Arenas dies, becomes infertile, or is otherwise unable to breed before semen has been shipped under this contract, all fees paid — including the booking fee — are refunded in full. Stallion Owner has no further liability.

Once semen has been shipped under this contract, Stallion Owner has performed. If Malteso Arenas subsequently dies, becomes infertile, or is otherwise unable to breed, no refund is due and any unused re-breed is forfeited.

11. Liability

- Mare Owner assumes all risk and liability for the mare and any resulting foal.
- Stallion Owner is not responsible for failure to conceive due to mare-side reproductive issues.
- Stallion Owner makes no guarantee of conception except as set out in section 5.
- Stallion Owner's total liability under this contract will not exceed the total fees paid by Mare Owner.
- Stallion Owner is not liable for indirect or consequential losses, including loss of a breeding season.

12. Governing law

This contract is governed by and construed in accordance with the laws of the State of Texas. Any dispute arising under it will be resolved in the appropriate courts of Texas.

13. Acknowledgment

By signing below, Mare Owner confirms that they have read and agree to these terms, that the booking fee is non-refundable, and that shipping and veterinary costs are their responsibility.
